COMMERCIAL MODEL

Buy the kit. Rent the ops system.

Charge full list for hardware. Charge monthly for the pack licence. Charge a one-time go-live fee for survey, install, and train. Charge visits when remote fair-use is not enough.

Day 0 — Hardware

Full RRP / starter kit / Docker — customer owns the kit.

Day 0 — Go-live

Standard £790 or Events/Hotel £1,190 — survey, install, train.

Ongoing — Software

£50–£90/mo by pack · 12-month minimum · remote updates + fair-use support.

As needed — Visits

On-site and overage remote billed on the rate card.

Pitch against patchwork till + kitchen tickets + booking widgets — not against free Square. Capital one-time software buyout = founder approval only.

Other markets (US / EU): convert or local quote — this book is GBP UK.
